

ARC::chainlist::getData

```
graph LR; A[ARC::chain::Leapfrog_step_forward] --> B[ARC::chainlist::getData];
```

A diagram showing a call from the function `ARC::chain::Leapfrog_step_forward` to the function `ARC::chainlist::getData`. The call is represented by a blue arrow pointing from the right box to the left box. The left box is shaded gray, and the right box is white.

ARC::chain::Leapfrog
_step_forward
